My personal skills and qualities:

Organisation is one of my strengths which has been shown through my ability to meet deadlines and being able to balance work, sport and social aspects of my life so far. My communication skills are constantly improving with each experience both in schools and at work as I am challenged more into a leadership role. My adaptability to different situations comes from volunteering with children with such a wide range of special educational needs and disabilities. This work also supports my ability to work with a wide range of people, therefore teamwork is another one of my strengths. Finally, I am a very punctual and reliable person who is willing to go the extra mile in order to help others to succeed.

My other interests and hobbies:

As well as playing netball, I have been lucky enough to participate in several outdoor pursuits such as camping, skiing and hiking with my family. I would therefore love any opportunity to get involved with delivering outdoor adventurous activities including the Duke of Edinburgh Award Scheme. Travelling to various places around Europe has also been an interest of mine, however I would love to travel further in the future. Reading is another interest as well as socialising with school, university and work friends.

Preferred location:

North East, Yorkshire and Leicester
