I have attended CPD days on GCSE PE, A Level PE, BTEC Sport and Cambridge National and Technical Sports Studies / Science I can adapt lessons on the spot based on formative assessment to ensure that all learners are stretched and challenged

My personal skills and qualities:

I am a confident and hardworking individual and am determined to be the best I can at whatever I set out to do. I have good communication skills and can relate well to my peers, colleagues and the students I teach. I would class myself as a good team player who is happy to take the lead when necessary but equally who can listen to and respond to others, I have a good level of patience. I am equally happy working as an individual and would consider myself to be proactive. I have good adaptability skills which is important as a PE teacher as I can change a lesson on the spot to make it more or less challenging for individual students or for the whole class. I am well organised, punctual and always plan ahead.

My other interests and hobbies:

I currently play football in the Northern League for Crook Town FC. My previous clubs have been Spennymoor Town, Darlington RA, Billingham Town and Billingham Synthonia. As a youth I trialled at Newcastle United and Leeds United and was part of Middlesbrough United's development programme for two seasons. When I am not playing football I like to attend the gym, go for runs, play golf or go fishing. Sport is something I have always been passionate about and I have been involved in many roles from being captain of football teams to representing the county in football and cross country. My ultimate aim is to pass on this passion to the students I teach and support them to be successful in sport. When I am not working or playing sport, I am watching sport on the TV or supporting the best team in England, Middlesbrough FC. I love to holiday during the summer months and in particular enjoy activity holidays; this summer I was awarded a diploma in table tennis for being the champion of Club Siesta Hotel in Ibiza.
