Undergraduate Placements	Percy Main Primary School , North Tyneside (October 2016 - June 2017)
Other Placements / Employment in Schools	Hadrian Park Primary School , North Tyneside (June 2019)

The strengths I have within my teaching:

Core Subjects	Physical Education	Other
<ul style="list-style-type: none">During my time in primary schools, I have developed my core subject knowledge through a range of CPD activities and by teaching units such as; multiplication, division, area and shape in maths and narrative poetry, quest stories, cinquain poetry and instruction text in English.I am able to plan and deliver differentiated and creative lessons in order to maximise the progression of pupils.Observing outstanding lessons in KS2 on my first placement has allowed me to gain an understanding of high quality teaching and learning. In my next placement, I will be observing and teaching in KS1.I consider my strongest subject to be maths; I enjoy teaching various methods to suit each individual and I encourage pupils to find different ways to work out a calculation.	<ul style="list-style-type: none">Achieving a degree in Sport Development with Coaching, playing sport and being a level 1 football coach has allowed me to excel when teaching PE. I am confident in the delivery of my lessons and use effective teaching and learning strategies for behaviour management to ensure all pupils engage, have fun and learn. Lessons are suitably differentiated to ensure all pupils meet their objectives and assessment targets.As a PE specialist, I enjoy teaching young people the importance of living an active and healthy lifestyle as well as adopting key values through sport that can be replicated in everyday life, such as respect, honesty, teamwork and determination.NGB Teacher Courses: British Gymnastics Core Proficiency Award, FA Primary Teachers Award, ECB Primary Teachers Award, RFU Kids First Tag, LTA Primary Teachers Award, England Athletics Run, Throw and Jump, Sainsbury's Inclusive Practice in PE, TOP Sport, Real PE, Real Gym.NGB Accredited Courses: FA Level 1 Football Coaching, FA Safeguarding Workshop, FA Emergency First Aid in Football, ECB Child Welfare, Level 2 Award in Multi-skill Development.	<ul style="list-style-type: none">Geography and ICT are real interests of mine; geography allows pupils to develop a sense of place and space in the world and ICT is relevant to many job roles.By the end of my teacher training year I will have had training in all of the foundation subjects and opportunities to support in lessons and teach these subjects in a range of schools.Through CPD events during my SCITT year, I have gained valuable knowledge of differentiation and inclusion which has allowed me to ensure that all pupils have the opportunity to progress and are provided with the support required to ensure that their targets are met.

My personal skills and qualities:

I have strong communication skills that enable me to build effective relationships with a variety of people from different ages and backgrounds. My final year at university, significantly developed my organisational skills; I had to prioritise between my dissertation, assignments, exams, working part time, coaching, completing a placement and organising a trip to Zambia. During my SCITT course, I have demonstrated the ability to manage my time effectively and prioritise accordingly. I am a determined individual and always reflect on all aspects of my own performance to ensure continual improvement. My determination to succeed is a quality that has allowed me to progress to where I am now through volunteering at every chance and simply taking every challenge that is thrown at me. It has improved my personal and professional development throughout my college and university experience.

My other interests and hobbies:

I like going to the gym as I like to create new challenges for myself and set targets to improve my fitness. I grew up in the Lake District, surrounded by lakes, hills and mountains, therefore walking outdoors is one of my favourite hobbies. In 2018, I spent 6 weeks in Lusaka teaching multi-sports and football to young people in disadvantaged communities as part of Project Zambia. I enjoy socialising with friends by going to watch live sport and playing 5-a-side football.

Preferred location:

North East
