My topic strength are; rules, regulations and scoring systems and skills, techniques and tactics</li><li>• Effective behaviour management and the ability to build strong relationships with students and staff have been highlighted as key strengths in my teacher training year</li></ul>

## My personal skills and qualities:

I have always been passionate about finding ways to improve Physical Education and was part of the Sports Council at both School and College. I am happy to work as part of a team and am not afraid to voice my opinions and listen to and consider the views of others. Being part of the Advanced Performance Programme at School and Sports Academy at College allowed me to develop my skills in leadership and communication, both of which I have continued to develop through University and my PGCE and which I consider to be key strengths today. I am able to quickly build strong relationships and rapport with staff and students and am incredibly passionate about extra-curricular sport and understand the importance of this. When I was in school extra-curricular activities helped grow my personality and develop me into the person I am today and I believe it is important to give that back to the students I teach and am keen to contribute to this as an NQT.

## My other interests and hobbies:

I am incredibly passionate about all sports and if I am not playing or taking part in sport, I am probably watching it. I have played rugby since I was 6 years old and currently play for Hartlepool RFC 1st XV. I also coach the U16 team who narrowly missed out on winning the county cup last season, but are looking like great contenders again this season. I like to stay fit by running a few times a week and I occasionally play Sunday league football. I enjoy relaxing by spending time socialising with my friends and watching the football, boxing or UFC. I also enjoy going on holiday with my friends and have recently visited Thailand. I am currently the reigning Marbella pool and table tennis champion!

## Preferred location:

North East
