Ensuring students know what to expect

My personal skills and qualities:

Organisation is my biggest asset; I have managed to work part time alongside my training and take on extra responsibilities such as being a student representative which allowed me to develop my leadership skills. I am a reflective practitioner who benefits from analysing my own practice and I am always keen to improve by accessing CPD opportunities. I went to Camp America which enabled me to find confidence and independence in myself and helped aid the growth of my professionalism. I have completed an extensive amount of volunteering through placements and extracurricular activities which demonstrates my desire to broaden my professional experience. My participation in netball and rowing demonstrates my love for being part of a team and working together to succeed.

My other interests and hobbies:

Alongside PE I enjoy fitness; I teach fitness classes and am currently completing a Level 3 Personal Training course which will support me as a teacher to encourage students to lead healthy, active lifestyles. I enjoy playing netball for my local team and my SCITT team. My sporting background makes me a strong role model for the children I teach. I enjoy spending time with family and socialising with friends and enjoy hiking and walking. I volunteer for two charities: St Oswald's Hospice and Great Ormond Street Hospital and feel selfless when raising money to help others. I have participated in skydives, hikes, runs and other outdoor adventures for my chosen charities.

Preferred location:
