## The strengths I have within my teaching:

Core Subjects	Physical Education	Other
<ul style="list-style-type: none"><li>I have significantly developed my core subject knowledge whilst on my PGCE course through a range of CPD opportunities such as Talk for Writing, Mastery Maths, NUSTEM Science and Read, Write Inc. This has allowed me to be more creative in my lessons and ensure pupils are engaged and have maximum opportunities to learn and make progress.</li><li>I enjoy teaching the core subjects with maths being what I consider to be one of my strongest subjects. I love bringing maths to life and I am passionate about ensuring that my lessons are creative and well planned to provide support and challenge for all pupils.</li></ul>	<ul style="list-style-type: none"><li>I have a passion for physical education, physical activity and sport. With more than ten years of coaching experience in gymnastics, I am a confident practitioner with strong subject knowledge across a range of areas.</li><li>During my placements I have further strengthened my practice in teaching physical education by developing my adaptive practice in PE, using a range of teaching strategies to support progress, participation and engagement in physical activity.</li><li><b>NGB &amp; Teacher Courses:</b> Level 2 British Gymnastics Women's Artistic coaching award, Level 2 British Gymnastics Floor and Vault Judging, FA PE CPD for Teachers, RFU Kids First Tag, Emergency First Aid Award, TOP Sport, Real Gym, Real PE, KS2 Top Sport, Bee Netball.</li></ul>	<ul style="list-style-type: none"><li>I continue to develop my foundation subject knowledge during my PGCE year attending training in all foundation subjects as well as observing expert colleagues and supporting and teaching these subjects. Not only has it strengthened my subject knowledge but it has enhanced my ability to apply cross curricular links into my lessons.</li><li>Art is a real passion of mine as I believe that it allows pupils to be creative and consider how others can perceive things differently to one's self.</li><li>I have developed a love of ICT and the teaching of it. CPD opportunities helped me to develop more creative ways in which to engage pupils in learning.</li></ul>

## My personal skills and qualities:

I am a highly creative, determined and reliable person; always punctual with an excellent attendance record. Advancing from a gymnast to a coach has enhanced my abilities to effectively work as team as well as an individual, leading to strong communication skills. My flexibility and ability to 'think outside the box' has allowed me to adapt to many situations and has led to my development and teaching of engaging and exciting lessons. My background of animation has further strengthened my skills as a teacher as I am confident in creating animations on a range of topics; have built on my research and artistic skills and use these to bring a different dimension into my teaching.

## My other interests and hobbies:

I have a range of interests and hobbies of varying genres. Though I can no longer participate regularly in gymnastics, I do attend an adult gymnastics session weekly and I am keen to spectate gymnastic events both live and digital. I am also interested in digital gaming; I prefer strategy games the most and these help me to relax. Board games are something I enjoy participating in with my family and friends; this is a great way to bring out my competitive spirit! I enrolled on my degree course due to my love of film, in particular animation. We have regular film nights in my family and it is a good way for all of us to stay in contact during current times. I have always loved small crafts and have tried a wide variety, my most recent endeavour being punch needle; where I design a piece before punching it and eventually finishing it into a cushion. Doing these activities has helped me to become resilient and patient as well as further develop my creative side.

## Preferred location:

North East
