My personal skills and qualities:

From the moment I left school I chose a path that guided me to my dream career of being a PE teacher. I am focused, driven and determined to be the very best teacher I can be and I continually look for ways in which I can improve my practice and seek feedback to continually reflect and refine my teaching. I find it hugely rewarding to see students develop their knowledge, skills and confidence. I am a confident teacher and pride myself in having strong subject knowledge which allows me to provide inclusive lessons that all students are engaged in, challenged and can make progress. My involvement in competitive team sports and a range of other physical activities provides students with a positive role model to respect and encourage positive and healthy life choices. I particularly enjoy team sports as I thrive when working with others.

My other interests and hobbies:

The love I have for sport is something I bring into my day to day life. I regularly play netball at club level where I enjoy the competition, fitness and opportunity to meet with friends. My love for the outdoors often takes me to my favourite place which is the Lake District where I enjoy paddle boarding or playing golf. I don't often have spare time but when I do, I treasure the opportunity to cycle with my family and then treat myself with a cake!

Preferred location:

North East
