## My personal skills and qualities:

I have worked in a variety of both primary and secondary schools. I enjoy participating in team activities which has enabled me to develop skills through playing sports and working in PE departments. During school, university and working in professional environments I have developed my organisational skills. My time at Camp IHC allowed me to understand the importance of relationships and being a role model to others. I am willing to learn and improve through practice and feedback to improve my skills and qualities further. I have a huge interest in sport so I extend my learning through podcasts and reading which have improved my knowledge about health and well-being, sleep and nutrition so I can improve myself as well as offering advice to others.

## My other interests and hobbies:

Since a very young age I have played sports such as rugby union, football and cricket. I thrive in being part of a team and am motivated to ensure that I always give my very best. I enjoy discovering and travelling to new places such as South Africa, Sri Lanka, Thailand and the Caribbean. I listen to music for motivation and relaxation. I also enjoy cooking for pleasure and to fuel my busy and active lifestyle.
