My personal skills and qualities:

I have a passion for physical education and sport, demonstrated through my education and training. I have a solid understanding of core and examination PE. I also have extensive knowledge and experience of a diverse range of sports which I am keen to share with students through extra curricular provision, something I highly value. I am a self-aware and reflective practitioner that responds well to feedback. My experience in pastoral care has deepened my understanding and empathy with students and the merits of developing strong relationships for learning.

My other interests and hobbies:

I am active and spend much of my free time working out in the gym or running. I have recently completed the Great North Run 2021 for the NSPCC. I have completed races such as Tough Mudder in aid of cancer research as part of a collective group from my university. I no longer participate in team sports but regularly play golf. My handicap is currently 21 (work in progress) and I sometimes compete in my local club's tournaments, but I am yet to win!

Preferred location:

North Yorkshire & North East
